Characteristics of your Day Master

This is a description of your day master's personality traits; however your day master strength together with the quantity and quality of the other 4 elements in your natal chart will affect how much of it applies to you. Incoming timely energies will also affect your day master.

Earth is the stabilising energy of the centre, of Indian Summer and in-between seasons.

Yin Earth Day Master’s personality traits:

Yin earth is the moist soil from field and garden, if this earth is wet it can easily be washed away in the rains. The yin earth day master has a high level of understanding and learning; their grasp of knowledge is rapid, they are intellectually versatile with a soft, flexible comfortable nature. They will inspire confidence to handle difficult problems.

Good at managing and nurturing people, tolerant, productive, hardworking, resourceful, innovative, creative, sensitive, caring, usually good-hearted, dependable and permanently driven to improve themselves.

With their strong sense of justice, they have an understanding of others’ weaknesses and failings.

They can lack adaptability, and show poor ability to make quick, spontaneous decisions.

Worry can disable their projects and concentration levels, leaving room for rashness at times or compromise on decisions taken. Sometimes taken for granted by others.

Characteristics of your Birth Year Animal

Dog people can keep a confidence. Pessimism can do a Dog in. If not checked, Dog will emphasize the negative, which feeds anxiety and fear. Dog people, learn and do the Six Healing Sounds especially the Kidney Sound. The Six Healing Sounds are very effective with worrywarts. The Inner Smile is the best remedy for those useless worries. Dog's loyalty, sincerity, and kindness make for a most desirable friend and comrade. Dog is slow to anger, yet quick to recover. Dog is in control of the emotions. Dog also has fine powers of judgment. Dog chooses the battles thoughtfully. Dog people are easy to get along with on a day-today basis and are valued professionally and at play. They are intelligent, alert, and aware. All three really value their freedom and understand and accept that in one another. The positive attributes of Dog people are excellent: smart, heroic, and respected by all for their loyalty and devotion to duty. <td>- There is a Clash with the Day Branch. A clash to the Day Branch is usually much feared as it typically denotes marital or spousal problems. Ram (Yin Earth) is &quot;clashing out” with Buffalo (Yin Earth). A Ram/Buffalo clash generally signifies obstacles to one’s efforts and goals. But &quot;clashing out” is not as serious as &quot;clashing in”. The Buffalo pairing himself with his &quot;secret friend” Rat (Yang Water), will ignore altogether the troublesome encounter with Ram.</td>

先天八卦 Early Heaven Ba Gua
神煞 Symbolic Stars

These exceptional stars are named hereafter their particular character trait potential, which can be potentially positive or negative for the bearer or others who come into contact with them. The effects will always depend on the many variables of astrology e.g. quality and quantity of day master and other elements and the time and place in the chart that the star occurs.

When they come into the chart as annual year luck (or even monthly or daily) they interact with the natal chart energies during that period. Their position in the natal chart generally shows the area of interaction:

Year branch indicates effect on grandparents, parents and the family in the broader sense.

Month branch indicates an effect on the person themselves

Day branch indicates effect on their spouse or the individual’s personality

Hour branch indicates effects on children or on the individual’s senior year

天乙貴人 Assistance Star In a natal chart, there will be help from unexpected sources, thanks to the goddess Tian Yi. Disastrous situations can become fortunate; and if in your birth chart can enable popularity. In annual luck, it can bring out promotion or more wealth.

華盖 Philosophy Star Interest in esoteric and philosophic matters. In your natal chart, it adds a hard-working and intelligent energy, although too much of this can make for conceit.

羊刃 Aggression Star Gives an underlying tendency to aggression, but can either be good or bad depending on the other energies. Often worse in a strong day master but gives more courage to a weak day master. It can affect the person or their relationships.

十干禄 Prospect Star Reinforces wealth potential, but it can be an overloading force for a strong day master. For a weak day master it is mainly positive assistance.

天德貴人 Benevolent Star Characterised by kindness, modesty, stability and down-to earth qualities; it can be a great boost to potential in a chart.

月德貴人 Kindness Star Reinforces luck in many areas of life for most charts, e.g. marriage prospects, dealing with difficult events or runs of bad luck.

桃花 Romance Star or Peach Blossom Affects emotions, desires, charisma, relationships and marriage luck and even career prospects due to the charismatic side. In some charts, it can leave the person frustrated in relationships and more concerned with sexual conquests.

文昌貴人 Study Star This is an artistic star accompanied by intelligence and often is disinterested in material gains. If it reinforces similar characteristics in the chart, it can well indicate excessive, reclusive behaviour and is common among monks, nuns and hermits.

驛馬 Horse-Travel Star The Horse star means travel, (traditionally by horseback) foreign appointments but also movement and change. If there are more than one of these stars then it could make the person restless.

將星 Commander Star This star is about leadership qualities and in the natal chart would show as authority and presence. In annual stars it can show as independence and enterprising skills.
